EDUCATION

University of Houston; Houston, TX

August 2022 - May 2026

Bachelor of Science in Computer Information Systems | Minor in Business Administration

Overall GPA - 3.6

PROFESSIONAL EXPERIENCE

Technical Support Engineer – Daktronics; Brookings, SD (Remote)

June 2026 - Present

- Perform real-time technical troubleshooting and case management on 125+ cases per week, utilizing Salesforce and proprietary AI guidance system to deliver root-cause analysis during critical outages, minimizing downtime in high-pressure scenarios for clients such as Walmart Corporate, JP Morgan Chase, Royal Caribbean, NFL and more.
- Troubleshoot complex network infrastructure using Command Prompt, Wireshark packet analysis, and ARP tables to resolve routing issues, configure IPs, and resolve network problems and configurations for 500+ endpoints.
- Administer user accounts, passwords, role permissions, and monitoring product health using the Venus Control Suite (VCS) cloud platform for multi-region support and guiding users through complex software issues.

IT & Cloud Support Analyst – iMobileToyz, LLC; Houston, TX

Jan 2025 - Present

- Transform raw data into structured datasets optimized for analysis in Power BI. Ensured data accuracy with cleaning, validation, and transforming using Power Query and Excel, reducing manual reporting time by 35%.
- Create and maintain AWS web application Sales Tracker tool to efficiently process sales data to ensure business workflow. Streamlined synchronization of data exports and internal databases, saving 15+ of labor hours per month.
- Provided technical and financial analysis to support sales efforts, delivering tailored hardware recommendations aligned with customer requirements and performance needs.

IT Field Technician Intern – YES Prep Schools; Houston, TX

Jun 2025 - Aug 2025

- Led 4-intern team to deliver and manage 4,000+ operational and configured laptops to students across 20+ campuses, enabling digital learning and support operations for 100% of students.
- Coordinated with multiple teams to ensure distribution to campuses and deployment of machines to campuses 8 hours ahead of schedule, representing a 50% improvement in operational speed compared to the previous year.
- Provided essential IT support to the company office and various campuses, resolved 150+ hardware and software tickets during peak deployment weeks with a 95% first-contact resolution rate.

Sales Associate & Trainer – Uniqlo; Sugar Land, TX

Aug 2024 - Present

- Provide excellent customer service, drive sales, and create a welcoming in-store experience. Assist customers and analyze weekly sales reports to identify trends to reconfigure store business strategy to maximize floor profitability.

IT Help Desk Technician – Pham Medical Clinic; Houston, TX

Jan 2024 - Aug 2024

- Diagnosing problems, installing programs and ensuring functionality. Provided technical support and managed desktops, laptops, printers, Wi-Fi, and mobile devices.
- Reduced average ticket resolution time by 30% by creating a standardized troubleshooting guide for common software installations and system errors.

PROJECTS

- **iMobileToyz Sales Tracker** - Web application dashboard run on AWS EC2 instance using Python, Google API, RDS, SQL to automatically convert sales exports into usable, transformable data for usage in Power BI and excel for future sales reporting, optimizing the former process of manual inputting
- **AWS Cloud Library Website** - Multitier tier AWS web app utilizing VPC, EC2, RDS, Load Balancers, Auto Scaling, CloudFormation, Lambda, and EventBridge.
- **E-Healthcare Management System** - Designed and deployed a 3NF-compliant E-Healthcare Management System on AWS RDS featuring over 30 entities, utilizing complex SQL logic to automate analysis
